Multifunctional and Compact Document Camera Scanner

- Compact & desk saving design
- A4 size shooting area
- Multiple document scanning technology
- Supports pocket-sized book scanning
- Powerful OCR engine supports 130+ languages
- Unique text to speech (TTS)

NOTE: Specifications are subject to change without notice.

Features

Desk Saving Design

The A8401 is equipped with a short-armed camera and an A4 shooting area, maximizing scanning efficiency and space utilization. It is suitable for small desks or home environments.

Multiple-Cropping Function

The A8401 can easily scan multiple name cards, receipts, parking tickets, etc., at once! This feature allows you to save time and effort since there is no need to scan each document individually.

Convenient for Book Scanning

Easily scan pocket-sized books, booklets, or documents, and output them as searchable PDFs. With Viisan OfficeCam, you can enhance your materials using advanced image processing features such as automatic cropping, page flattening, adding watermarks, and more.

Powerful OCR Recognition

The embedded Optical Character Recognition (OCR) function allows you to convert scanned images into searchable PDF and editable Word, Excel, and Text formats, it supports more than 130 different languages.

Unique Text to Speech (TTS)

Unique Text to Speech (TTS) Assistive Technology for a word by word read & listen to any document. This is a fantastic tool to assist and help people suffering from Dyslexia or for child language learning.

Interactive Doccam Function

UVC/UAC compliant, A8401 allows you to demo physical objects to show live teachers or presenter activities to remote learners via the 3rd party video conferencing software.
