C960 / C970

PROFESSIONAL USB WEB CAMERAS

High Quality HD-1080P USB 2.0 Webcam
Built-in with H.264 video Compression

STANDARD FEATURES
C960/C970

2.0 MEGA PIXELS	HD-1080P VIDEO	H.264 COMPRESSION	MIC ARRAY	USB 2.0	DRIVER FREE	TRIPOD MOUNTALBE

ADVANCED FEATURES
C970

FACE TRACKING	DIGITAL ZOOM	AUDIO OUT	AUDIO ALGORITHM

FEATURES

- Built-in 2.0MP high resolution CMOS image sensor
- Equipped with high quality wide-angle glass lens
- Support HD-1080P video streaming
- Support high frame rate, 1080P @ 30fps
- Support AE, AWB, and brightness control
- Built-in high performance H.264 video encoder IC
- Support YUV, MJPEG, and H.264 video output
- Support dual video streaming of different formats
- Built-in audio microphones
- Support USB 2.0 high-speed output
- Support UVC video standard, driver-free
- Support UAC audio standard, plug-and-play
- Powered by USB directly, no other power adapter

■ Specifications are subject to change without notice.

ADVANCED FEATURES

- Built-in video DSP, support face tracking algorithm
- Support digital Pan-Tilt-Zoom features
- Built-in audio DSP, support echo cancellation
- Built-in microphone-array, support far-field audio pick-up features
- Support audio output port for connecting external speakers

Status LED
High Sensitive Microphone Array
High Quality Glass Lens
Antiskid Bracket

USAGE SCENARIO

Company Meeting Rooms
High Quality HD-1080P Video Conferencing

Family Living Rooms
Face-to-face Family Interaction

Service Windows
Face Capture, Process Monitoring & Recording

Live Video Broadcasting
High Quality Real Time Streaming
